**JURY TRIAL DEMANDED**

**LETTER OF REQUEST: REQUEST FOR INTERNATIONAL JUDICIAL ASSISTANCE  
PURSUANT TO THE EVIDENCE ACT OF ONTARIO AND THE  
CANADA EVIDENCE ACT**

**GREETINGS:**

1. Sender	The Honorable Judge Alan D Albright, District Judge United States District Court for the Western District of Texas, Waco Division 800 Franklin Avenue Room 301 Waco, Texas 76701 USA
2. Authority to Whom the Request is Made	<b>Ontario Superior Court of Justice</b> 393 University Avenue, 10th Floor Toronto, Ontario M5G 1E6 Canada Tel: 416-326-4230 Attention: Presiding Judge

In conformity with the *Evidence Act* of Ontario, the Canada *Evidence Act*, the Federal Rule of Civil Procedure 28(b), and 28 U.S.C.A. 1781(b), the undersigned authority respectfully has the honor to submit the following request to the Ontario Superior Court of Justice, and hereby requests that the Ontario Superior Court of Justice summon the witness to whom this request is directed to

attend at such place and time as that Court shall appoint and to produce the documents in their possession, custody, or control, as set out below.

This Letter of Request is in issue from a court of competent jurisdiction, i.e., the United States District Court for the Western District of Texas (“this Court”). This Court properly has jurisdiction over these proceedings, is a competent court of law and equity, and has the power to compel the attendance of witnesses and the production of documents by individuals and corporations in its jurisdiction. The testimony and documents sought in this request pertain specifically and solely to the action, case number 6:20-cv-00485-ADA, pending before this Court. This Court issuing this Letter of Request undertakes that it is ready and willing to issue orders compelling production of materials and attendance of witnesses analogous to those requested herein for an issuing Canadian Court if such circumstance manifests.

The Ontario Superior Court of Justice properly has jurisdiction over the party to which this Letter of Request is directed as Wade and Company is a subject of the Ontario Superior Court of Justice by way of its residence in this jurisdiction. The Ontario Superior Court of Justice, being a competent court of law and equity, has the power to compel the attendance of witnesses and the production of documents by individuals and corporations inside of its jurisdiction. *See Evidence Act*, R.S.O. 1990, c.E.23, s. 60 and *Canada Evidence Act*, R.S.C., 1985, c. C-5, s. 46.

The evidence sought here is critical and necessary to defenses afforded to Defendants under United States patent law, is necessary to enable this Court to resolve the dispute between the parties, and without which justice cannot be served between the parties. The documents and depositions identified herein pertain directly to quantifying any alleged damages and to defenses, such as, non-infringement, invalidity (including, obviousness, secondary considerations regarding obviousness, anticipation, patent-eligibility, written description, indefiniteness, and enablement),

inequitable conduct, improper inventorship, derivation, license exhaustion, non-infringing alternatives, and failure to mark, among others. The relevance of the discovery sought is detailed with specificity in the attached Document and Oral Examination Requests. *See* Exhibit T1 and T2.

The evidence sought here is not otherwise obtainable via document or oral discovery in the United States because Plaintiff is a non-practicing patent acquisition entity that only recently acquired U.S. Patent No. 7,636,309 (“the ’309 patent”) in 2017. Therefore, Plaintiff does not possess any of the knowledge or documents traditionally necessary for Defendants to muster a wholesome defense to claims asserted against it by Plaintiff. For example, Plaintiff does not have knowledge of or documents relating to the research and development that led to the ’309 patent; the prosecution of the ’309 patent; prior uses, sales, and/or publications of the processes recited in the claims of the ’309 patent; any commercial embodiments of the ’309 patent; the state of the art at the time of the alleged invention of the ’309 patent; the assignments and licensing of the ’309 patent; and any valuations of the ’309 patent. In contrast, Wade and Company, as a former assignee of the ’309 patent is likely to have this knowledge and/or possession, custody, or control of these highly relevant documents. As previously stated, this evidence is both relevant and necessary to Defendant’s defenses and quantifying damages.

This Letter of Request seeks only evidence otherwise unobtainable via document or oral discovery within the United States and does not ask for the production of privileged evidence. This Court is cognizant of the potential burdens placed upon the third-party who may appear for testimony or produce evidence in response to this request, and thus this request seeks only evidence that is critical to Defendants’ defenses under U.S. law. This Letter of Request is limited to specific materials or classes of materials that are the most likely to produce important and relevant evidence

to defenses in this matter. Documents and deposition topics have been identified with as much specificity as possible, while still ensuring Defendants are capable of acquiring materials relevant to put forth a wholesome defense on every issue in question. If any part of this Letter of Request cannot be enforced under the laws of Ontario, it is requested that the remaining part be enforced.

Defendants offer an undertaking that the evidence sought by this Letter of Request will not be used for any purpose other than in the instant proceeding named in this Letter of Request unless leave is otherwise granted by the Ontario Superior Court of Justice.
